EDUCATION

Patan Multiple Campus, Kathmandu, Nepal
Bachelor of Computer Science and Information Technology

Running
2022

COURSEWORK / SKILLS

- Operating Systems
- Database Management System (DBMS)
- Artificial Intelligence
- Networking
- Web Development

PROJECTS

Job Portal Website | [React, Node.js, Express, MongoDB](#)

- Developed a job portal web application where users can apply for jobs and recruiters can post job openings, ensuring seamless functionality.
- Built custom RESTful APIs using Node.js and Express for backend operations and used MongoDB for secure and efficient data management.
- Implemented the frontend using React, focusing on dynamic interactions and efficient user experience for both job seekers and recruiters.

Video and Chat Web | [Socket.io, WebRTC, Ejs, Node.js](#)

- Developed an Omegle-like web application that allows users to chat and video call with strangers in real time.
- Implemented real-time communication features using Socket.io for seamless text messaging and WebRTC for high-quality peer-to-peer video calls.
- Integrated custom signaling mechanisms to establish and manage WebRTC connections dynamically between users.

Trailer Viewer Web | [React, Redux, TMDB API](#)

- Created a movie and TV show web application utilizing the TMDB API to fetch and display comprehensive details, including trailers.
- Implemented the frontend using React and Redux, ensuring efficient state management and a seamless user experience.

Personal Portfolio Website | [React, Framer Motion, GSAP](#)

- Designed and developed a highly interactive personal portfolio website to showcase projects and skills.
- Used Framer Motion and GSAP to create smooth animations and transitions for an engaging user experience.
- Optimized the website for performance and responsiveness across all devices.
- Integrated a contact form and a project showcase section for potential employers and collaborators.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, JavaScript, SQL
- **Web Development:** HTML5, CSS3, React, Node.js, Bootstrap, Tailwind, typescript
- **Database Management:** SQL, MongoDB
- **Version Control:** Git, Github
- **Real-time Communication:** Socket.io, WebRTC
- **Soft Skills:** Agile Development, Software Testing, Problem-solving, Team Collaboration
- **Developer Tools:** VS Code, Cursor

CERTIFICATIONS

- Frontend Domination Certification : from Sheryians Coding School.
- Backend Domination Certification : from Sheryians Coding School.

EXTRACURRICULAR

- Taught basic COA in Online Mode
